Looking after someone at home

A practical guide for carers: getting support, moving safely, falls, medicines and an emergency plan, with local help in Hertfordshire

For adults who look after a partner, relative, friend or neighbour who is ill, older or disabled. This edition adds a list of local help in Hertfordshire.

Their own care plan comes first. If the person you look after has advice from a hospital, GP, physiotherapist or care team, follow that. This guide is general information. It is not a care plan.

Help for you as a carer

- You can ask for a carer's assessment. It is free. Contact adult social services at your local council.
- It looks at how caring affects you: your health, work, free time and relationships. You can ask for it at the same time as the assessment for the person you look after.
- Help that may follow includes breaks from caring, training in moving and handling, local support groups and advice on benefits.
- If you care for someone for at least 35 hours a week, you may be able to get Carer's Allowance. The person you look after must get certain benefits. Check on GOV.UK. In Scotland it is called Carer Support Payment.

- Breaks help stop you becoming worn out. Options include a sitting service, where a trained volunteer keeps the person company for a few hours, a day centre, or a short stay in a care home. The council only pays for a break when it has assessed that one is needed.

Moving and helping them safely

Helping someone stand, walk, or get in and out of bed can hurt you both if it is done the wrong way. Back injuries are the most common injury for carers.

- If you help someone move often, get training, or ask a health professional to show you how.
- Ask the council for an occupational therapy assessment. It can show you the right way to help, and what equipment would make it safer.
- The council may provide equipment free, such as a hoist, stand aid, transfer board or slide sheet.
- Do not buy lifting equipment until an occupational therapist, physiotherapist or social worker has advised you. Try equipment before you buy it.
- Your council may run free moving and handling courses.

Helping to prevent falls

- Keep floors clear of clutter, loose wires and rugs.
- Use a non-slip mat in the bath or shower.
- Encourage regular eye tests and hearing checks. Ear problems can affect balance.
- If you think a medicine is affecting their balance, speak to their GP or pharmacist.

- Help them stay active every day. Activities that improve strength and balance, done at least twice a week, help too. Our free sheet of simple exercises is at mobilephysiotherapist.co.uk/balance-exercises.

If they fall

- Keep them comfortable and warm.
- If they can get up, help them carefully. Do not try to lift them yourself.
- Call 999 if they cannot get up, or they may have hurt their head, neck, back or hip.
- Call NHS 111 if they may be in pain, hurt or unwell.

Tell their GP about any fall, even if they were not hurt.

Medicines

- Give medicines at the right time of day. Check whether each one should be taken with food or between meals.
- A pharmacist may be able to give you a pill box with a section for each time of day.
- If they take several medicines, their GP surgery may offer a free review with a pharmacist. Try to go with them, if they would like you there.
- Keep all medicines in one place, ideally locked away. Order repeat prescriptions in good time.
- Never give a double dose to make up for a missed one. Check with a pharmacist before giving a medicine you have bought.
- Never give medicine without their agreement. Check with their doctor or pharmacist before you crush tablets.

Plan for an emergency

If you were ill, or could not get to them, who would step in? Make a plan now, while things are calm.

- Ask a relative, friend or neighbour who could help at short notice. Make sure they have a key or the key safe code, and know what care is needed.
- Write down the care they need, with their medicines and any dos and don'ts. Keep it somewhere easy to find, and tell people where it is.
- Look at the plan again now and then, and keep it up to date.
- Some areas have a carers emergency card scheme. Ask your local carers service.

My emergency plan

Name and address of the person I look after:

Who can step in (name and phone):

Their GP surgery and pharmacy:

Their medicines, and where they are kept:

Allergies:

Care and support they get, and who provides it:

Walking aids and other equipment:

Anything else people need to know:

Local help in Hertfordshire

These services cover all of Hertfordshire. If you are not sure who to ask, call HertsHelp first.

Carers in Hertfordshire. Information, advice and support for family and friends who care. Monday to Thursday 9am to 5.30pm, Friday 9am to 4.30pm. **01992 58 69 69** · carersinherts.org.uk

Hertfordshire County Council adult social care. Ask for an assessment for care and support at home. Call 0300 123 4042, Monday to Friday, 8.30am to 5.30pm. There is an out of hours service for emergencies. To report a worry about an adult, you can call the same number day or night. hertfordshire.gov.uk

Equipment. After an assessment, equipment can be lent free of charge by Hertfordshire Equipment Service. For a walking aid, ask your GP. For repairs, returns or questions about equipment you already have, call Hertfordshire Equipment Service. **01707 292555**

Falls and strength classes. If you have a fall, tell your GP or a health professional as soon as you can. Stevenage FC Foundation runs strength and balance classes in towns across Hertfordshire. Call 01438 222 222 to book. HertsHelp can also find local exercise classes. stevenagefcfoundation.com

Personal alarms (Herts Careline). An alarm you wear on your neck or wrist. Press it if you fall or feel unwell, and the control room answers 24 hours a day. There is a charge. **0300 999 2999** · care-line.co.uk

Local contacts checked 2 November 2026. Services can change, so check before you rely on one.

Coming home from hospital?

Our free hospital checklist covers what to sort before they leave, home safety, when to get medical help, and a 14-day diary: mobilephysiotherapist.co.uk/after-hospital-checklist/hertfordshire.

General information, not a care plan. Prepared by Mobile Physiotherapist UK from NHS, GOV.UK and Carers UK guidance. Sources checked 2 November 2026. Free to print, copy and share. Local contacts checked 2 November 2026.
